

INTERNATIONAL WOMENS DAY 2025

♥ International Women's Day 2025! ♥

Across the Tricel Group, we are celebrating International Women's Day. The international campaign theme this year is 'Accelerate Action', which emphasises the importance of coming together and taking steps to break down barriers women face every day – both in and out the workplace. We take this as an opportunity to celebrate and empower the women in all aspects of our lives.

In Tricel, we are committed to a culture that embraces gender equality, where all employees feel valued and supported! 💪🌟

Pictured are some colleagues across the group celebrating today! ♥
